Professional Summary

Senior AI implementation leader and hybrid UX/product builder with over 10 years of experience bridging client strategy, engineering workflows, and multi-million-dollar projects. Demonstrates a strong history of designing and integrating LLM systems into operational pipelines, CLI toolchains, multi-model orchestration, and rapid prototypes to develop MVP-ready products. Combines hands-on UX systems thinking with technical execution to help teams adopt AI seamlessly and improve client outcomes.

Core Skills

- **AI & LLM Implementation:** Multi-model orchestration, prompt engineering, CLI toolchains (Claude Code CLI, Codex CLI), VS Code (Roo/Cline extensions), Cursor, ChatGPT, Claude, DeepSeek, Grok.
- **Product & Project Leadership:** Design systems, roadmap development, stakeholder management, Agile/Scrum methodologies, team scaling.
- **UX & Design:** User research, interaction design, design system creation, data visualization, accessibility standards, Figma, Adobe XD, Sketch.

Career Experiences

Founder

One Block Away LLC (oneblockaway.info)

Remote | Jul 2023 - Present

- Portfolio Link - [AI Showcase](#)
- Founded One Block Away to empower Apex & RTP small businesses with integrated UX design, strategy, and AI implementation; you start with what's urgent and expand as clients grow, ensuring they own all deliverables
- Lead discovery workshops that extract ideas, prioritize opportunities, and build actionable roadmaps across UX, business strategy, and AI implementation, helping clients turn scattered thoughts into clear, executable plans
- Implement and orchestrate AI solutions tailored to small businesses, automating repetitive tasks and enhancing customer experiences while teaching clients to use and maintain these tools

Partner/AI Implementation & Strategy

Hedgehox

Remote | Mar 2024 - Present

- Spearheaded AI and automation by closing workflow gaps and launching GPT assistants, automated screenshot tools, and banner frameworks to slash production time and costs.
- Led strategy workshops to uncover bottlenecks, align teams, and prioritize high-impact SOW initiatives.
- Ran research-driven discovery sessions, from journey mapping to audits, uncovering gaps and shaping lean, execution-ready plans across digital channels and AI tools.

Crew & Manager in Training

Trader Joe's

Raleigh Metro Area | Mar 2024 - Present

Director, Experience & Innovation

Kinesso, Part of IPG

New York, NY | Feb 2020 - Jun 2023

- Portfolio Link - [UX Showcase](#)

- Scaled the product design team from 2 to 30 in under three years by standardizing research and design frameworks for 7,000+ users across 22+ agencies on IPG's Marketing Intelligence Engine.
- Built a unified design system with a global color picker, supporting three palette modes across 22 private-label brands and eliminating manual chart formatting.
- Developed modular dashboards with drag-and-drop widgets, enabling marketers to personalize data views without slowing load times and speeding up reusable component creation.
- Integrated accessibility features (adjustable fonts, color contrast, highlight cursors) for 45 user types across 22 clients, enhancing readability and inclusivity with no performance hit.
